INTRODUCTION

RED DAIRY BREEDS ELITE GENETICS SALE

Bidr® Online: Friday, 6 March 2026 at 7:00pm

20 OUTSTANDING LOTS SELL

Lots include 16 live animals, 3 embryo packages and 3 semen packages

FOREWORD

A big welcome to all overseas and New Zealand attendees to the 2026 International Red Cow Conference. I'm very sure you are in for a great time visiting our beautiful country with fantastic cows and hospitality. In planning for this sale we have gone to the elite studs in New Zealand to source their very best genetics, often with reluctance but after some arm twisting we have secured some outstanding individuals for sale.

There has been strong support from Milking Shorthorn members, and the quality is a credit to them. The Ayrshire's whilst smaller in numbers, make up for it with outstanding quality. A wide range of genetic diversity is a feature throughout this catalogue and it is a testament to our vendors breeding philosophies.

A big thank you to our vendors for their support of this showcase sale and I wish them every success. This catalogue offers elite production and type, so whether your passion is showing or adding a new family to your herd then look no further. This sale will be conducted via bidr®.

Selwyn Donald - 027 437 8375

Link Livestock in partnership with Holstein Friesian NZ

DISCLAIMER:

The information printed in this catalogue is derived from data supplied by the vendors and stored in the National database. Although every care has been taken to ensure accuracy in the production of this catalogue, the vendors, the vendors' agents, the Auctioneers or its agents, LIC, its subsidiary or its agents who collect, process or publish the information supplied; and the printer do not take any responsibility or liability for any errors, omissions or misstatements contained herein.

OSH:

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors. However, we wish to advise that this is a farm run under normal management conditions and certain dangers exist in relation to livestock and their environment. Visitors should take all care to ensure their personal safety and children must be supervised at all times.

CONDITIONS OF SALE

FEMALE GUARANTEE: Every female shown as bred on a certain date, except any which may have been served within six weeks of the sale, is guaranteed in-calf. Every female where shown as pastured with a bull is guaranteed in-calf. This guarantee expires five weeks from day of sale.

Where this catalogue specifies an expected calving date (other than a pastured with bull expected calving date), and that date later proves to be completely inaccurate, the Vendor shall refund 25% of the purchase price direct to the Purchaser. As a basis of arbitration a period of fourteen days either side of specified calving date shall constitute the maximum tolerance allowed for calving. The 25% refund shall not apply where pastured with bull details and dates are printed in this catalogue, unless it is specifically stated that the specified calving date guarantee is to apply.

The foregoing conditions shall apply only after the following guarantees:

1. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the Vendor subject always to liability under other clauses contained in the Conditions of Sale and the Special Conditions of Sale. The purchaser has the right to retest at his or her own expense before delivery is made from the place of sale.
2. Where a female is offered for sale as being in-calf, without a supporting Veterinary Certificate and the female is subsequently proved to be empty the Purchaser has the right to return the female to the Vendor or carry out such disposal as the Vendor may instruct and the Vendor will refund to the Purchaser the purchase price plus the transport costs only.
3. Mummified Calf: Where any female sold as being in calf proves to be carrying a mummified calf, no responsibility is to be born by the Vendor.
4. Yearling Heifer Guarantee:
 - a) Yearling Heifers sold as unmated, are sold with the guarantee to breed. The term to breed shall constitute to produce a calf, dead or alive. Should the heifer fail to produce a calf by 31 December 2027, the Vendor shall refund in full the purchase price.
 - b) Where a yearling heifer is sold as unmated, this constitutes a guarantee that the heifer is not in-calf as at the date of sale.
 - c) The use of MOET or IVP reproductive techniques on a female after purchase completely negates the breeding warranty.
 5. Any complaint to the Auctioneers must be accompanied by a Veterinary Certificate; word of mouth will not be sufficient proof.

DELIVERY:	All purchases, as is customary, will be at BUYER'S RISK FROM FALL OF THE HAMMER.
PRICING:	All animals are sold in NZ dollars exclusive of GST, unless otherwise stated.
ONLINE PURCHASING:	You should only place a bid if you intend to buy the animal on offer at the price entered. If you place the winning bid where an Agency has agreed to accept the charges for any purchases made by a user in an Auction, charging will be applied to that agency for all lots purchased by the user in that Auction.
INSURANCE:	If Transit or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.
INSTRUCTIONS:	Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instructions.
TRANSFERS:	Vendors are responsible for completion of all transfers. No purchaser shall be entitled to withhold payment for pedigree stock pending execution of delivery by the Vendor of the transfer of the same, registrable in the Stud Book.
COMMISSIONS:	If it is not possible to be present, the Company's Livestock Agents who are thoroughly conversant with the offering will be glad to make selections or bid on specified lots according to instructions.
TERMS:	Payment by 10 days following date of sale, unless otherwise advertised.
OTHER CONDITIONS	The sale is also subject to the general conditions of sale displayed at the sale.

We are excited to present this heifer for sale tonight.

Waiwera Moo Sandy S1S is oozing with production on both sides of her ancestry, with her grand dam producing up to 700kg/ms.

We have confidence that she will shift well and help fill the vat.

She has been vetted in calf to Angus due from 20 July 2026.

The best we can offer from Rosemoor and Brookview pick one of five ET sisters out of the great Secret family. The natural born sister in the photos is owned by Gabby Steiner and is performing extremely well. She herself has flushed well with a number of calves on the ground. The Vimos have done fantastic here at Brookview, one of the oldest was Intermediate Champion at Waikato and Reserve at the Royal and NZDE for three outings.
These heifers were pastured with MVV-23-31 (Kiteroa Cream Buster-ET) from 5/10/25 to 7/12/25. Buster being a son of NZDE 2026 Grand Champion Ayrshire.
Vimo x Secret so exciting.

This cow was placed third in a strong class of 3yo's in the recent Waikato Branch On-Farm Competition. Lovely udder and will keep on developing. She was brought in as an embryo from the well known Springvale Illawarra Stud of Warren Doecke. Unique opportunity to purchase a very different bloodline.

Registration pending.

Sanrosa Niftie 24-318 like her name suggests is just that! This heifers pedigree futures bulls that have done a wonderful job in the Sanrosa herd. Rumba, Tosikko and Vesty have been production leaders for us, add the type of this lots female line and you've got the very best we can offer. Run with Jersey bulls from 27/10/2025 to 20/12/2025.

Ladies and gentleman in the red corner a calf that is built to go the distance. She's got style and eye appeal, combined with the power of production from a dam punching well above her weight. A definite championship contender for the future. Don't let this one slip through the ropes. No referees decision required, its unanimous!

Free delivery within Otago and Southland.

LOT 19A & 19B

2 X 25 STRAWS TIAKITAHUNA TC BRET P S1S

VENDOR: J A TOCKER

We are offering a limited number of straws from this polled Milking Shorthorn bull, originally collected for our own use. He is a true outcross to other Milking Shorthorn bulls available in New Zealand and comes from a powerful, proven cow family same as Northbrook Bounty and Stormer. His pedigree traces back to Pinedale Silvia (born 1964) and includes influential sires such as Northbrook Bounty, Clanrye Martini, Backgard, Pinedale Granny's Arthur, Kiahere Grenade, Pinedale Oliver (twice), and Waiwera Turbo Charge. His three-generation pedigree is stacked with longevity and production, with five dams completing nine or more lactations and four scoring VHC. His maternal dam scored 7 for udder and 8 for dairy type, completed 11 lactations, maintained positive lactation worth every season, and never missed a calving. Milked in a 700-cow System 1 herd averaging 300kg/ms and largely made up of LIC Premier Sire-bred Friesians and Jerseys, she consistently ranked with the very top cows in the herd.

Left: Daughter, Tiakitahuna Bret Alaska S1S

Above: Tiakitahuna TC Bret P S1S

We are currently milking his first 10 daughters, and while numbers are still small and yet to significantly influence his proof, the early results are extremely pleasing. They are quiet, easy to cup up, and milk flows freely. He is leaving capacious cows with strong, well-attached udders that hold their production, still coming in with milk in the afternoon through February. These are functional, durable cows built for commercial performance – the kind that last, breed back, and pay their way year after year.

A1/A2.
